

Agroecology Program at Florida International University

Want to learn to garden?
Have any questions about gardening?

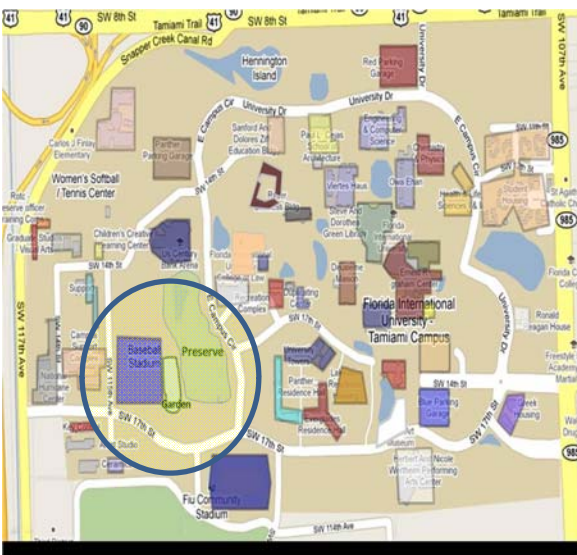

Presents:

Master Gardener's Workshop
February 19, 2010
At the Garden
12:45pm

Where is the garden?

USDA officials will also be there to offer scholarship and job opportunities

The Florida Master Gardener Program is a volunteer-driven program run by UF/IFAS Extension and is to the benefit the citizens of Florida. The program relies on dedicated volunteers who have an interest in gardening and in giving back to their communities. These gardeners are trained to become experts in on how to design, plant and care for plants and landscapes in a Florida-Friendly way, and manage gardening related issues.
